Community Environment Days

Another successful environment day was held last month at the North Toronto Memorial Arena. Residents did their part to create a cleaner, greener and more liveable Toronto by dropping off unwanted household items to the event. Items could be donated, recycled, or dropped off for proper, safe disposal. Leaf compost was also available free and as were green bins and kitchen containers in exchange for damaged bins. Hopefully these community environment days will continue. Ask your councillor to ensure they continue.

Development and Intensification

Our area continues to attract developers and there are a number of projects in the pipeline. The proposed re-development of the St Margaret's Church site at Burnaby and Avenue Road appears to be headed for the OMB. Likewise, the Premium Properties site at Eglinton and Duplex has already been scheduled for the OMB. We are meeting with the owners to ensure there is credible community input. ARECA believes there should be a comprehensive plan for the Yonge/Eglinton Growth Centre and the intersection. To this end, we are working with like-minded local residents and organisations.

ARECA is awaiting a response to its request for a proper traffic study for the Orchardview/Duplex area. We are seeking a Park Safety Audit for Eglinton Park and working with local police to curb car racing on local streets.
